**Goenka Youth Wing,
Goenka Leaders Forum**

Introducing The Goenka Youth Wing

The Goenka Youth Wing is an inspiring initiative of Shree Shakti Goenka Trust, Goenka Mandir, Fatehpur Shekhawati, with the aim of uniting, empowering, and engaging the youth of the Goenka community across India.

This dynamic platform is dedicated to organizing events, fostering collaboration, and building meaningful connections among young individuals from diverse fields and regions. At its core, the Youth Wing believes in the power of networking, mutual support, and collective growth.

One of the most impactful tools of this initiative is our WhatsApp group, Goenka Leaders Forum, which now proudly includes around 300 active members. This group serves as a vibrant hub where people not only share ideas but also solve real-world problems together. If someone faces a challenge, there's almost always an expert within the group ready to help. Whether it's career guidance, business support, or simply a word of encouragement, the community steps in.

More than just problem-solving, the forum has become a space for celebrating achievements, promoting individual initiatives, and appreciating the success stories within the community. It has truly brought the Goenka youth closer together, nurturing a culture of recognition, collaboration, and shared progress.

To expand our reach and bring even more people into the fold, we've also launched our official social media pages, where we regularly share updates, event highlights, member achievements, and community stories. These platforms have helped us engage with a wider audience and amplify the voices of our members.

The Goenka Youth Wing is more than a network—it's a movement. And this is just the beginning.

Initiated by Managing Trustee Shri Sushilji Goenka and executed by the G2 (Generation 2) members under the leadership of Shri Maheshji Goenka (Nagpur) and mentorship of Shri Inderchandji Goenka (Kolkata), this event laid the foundation of our series of future engagements with youth of Goenka community. More than just a camp, this gathering symbolized the beginning of connecting generations, uniting members from 17 cities across India and bridging the gap between tradition and modern aspirations.

Focus of the Event

The core focus of the Youth Camp was to engage the younger generation of Goenka families with the values, heritage, and spiritual essence of their roots, while fostering learning, leadership, and strong interpersonal bonds. The camp revolved around:

- Themed Workshop – “Re-frame Yourself” by TEDx speaker Dr. Shankar Goenka, designed to develop self-awareness, communication, and personal growth.
- Interactive learning, public speaking activities, and team-building exercises aimed at nurturing confidence and clarity among participants.
- Spiritual bonding through rituals like Mangal aarti, dhok-puja, and visits to Kuldevi Shree Beera-Barjee Dadiji.
- Cultural and recreational engagements, including Antakshari, poetry, dance, and New Year celebrations, creating an environment of joy and unity.

Impact

The Youth Camp created a transformational impact—emotionally, intellectually, and culturally—among all attendees. Key outcomes included:

- Stronger intra-family connections and rejuvenated emotional ties between generations.
- Sparked a renewed interest in cultural and spiritual practices among the youth.
- Empowered participants through guided self-reflection, life skills, and community engagement (including welfare initiatives like blanket and stationery distribution to local students).
- Most significantly, it set the stage for future GLF events, cultivating a spirit of continued collaboration, learning, and family bonding.
